

BABY CARE

HORIZONTAL BABY CHANGING TABLE

This product is manufactured in the UK and has been designed to be fully compliant with the British standard BS EN 12221-1:2008 and BS EN 12221-2:2008.

FEATURES & BENEFITS

- Wall-mounted with an adjustable safety belt
- Designed for continuous use up to 30kg
- Has a built-in liner storage and nappy hook
- Dimensions - 834mm x 516mm

Installed by our highly trained team of engineers, you can be rest assured that your baby is safe.

NAPPY DISPOSAL

Our nappy disposal service includes both children's nappies and adult incontinence pads. A robust 50ltr nappy disposal unit comes complete with a modesty flap to minimise odours. Service can be provided as often as monthly, fortnightly or weekly.

SURFACE SANITIZER

A surface sanitizer dispenser which is ideal for baby changing areas. Refill is replenished by our staff when servicing the nappy disposal unit.
